Respected concerned,

I'm confident that I'm an excellent fit for F1Soft's System Administrator role. As a linux loving technical professional with 3+ years of experience in server maintenance and configurations, I'm excited to offer my technical, analytical and problem solving expertise in this role.

I have attached my resume with technical sets of skills and experiences I've had. It would be a pleasure to work in your prestigious institution. Thank you for considering my candidacy for this position and I hope to hear from you soon.

Sincerely,
Prabesh Sapkota
