

Dear Achyut Sir,

I'm writing to express my interest in the Frontend Developer position at your company. I'm a passionate learner with a growing interest in web development, especially in creating clean, user-friendly websites using HTML, CSS, and JavaScript.

Although I'm still early in my journey, I've been working on small projects to improve my skills, including designing web pages and exploring frameworks like React. I enjoy solving problems through code and love seeing how a simple idea can turn into a working website.

I'm excited to learn from your team and grow in a professional environment. I believe my enthusiasm and willingness to learn make me a good fit for your company. Thank you for considering my application I'd love the opportunity to talk more.

Sincerely,  
Esina
